

“We are pleased the voters of Illinois have spoken and decided the State’s flat tax is the fairest way to tax income.

Illinois Farm Bureau is proud of the grassroots campaign we ran to defeat the Progressive Tax. We focused on the issues and worked to educate our members and voters in a policy-oriented manner.

Even with our victory, Illinois Farm Bureau will not stop its work to hold elected officials accountable to voters and will continue work to address the State’s financial challenges.”

*-Illinois Farm Bureau President, Richard Guebert*
